FOREWORD

1546548

FAMILY BIBLE RECORDS, VOLUMES I, II, and III, have been so well received and have been proven useful to many persons seeking genealogical information, the Vigo County Historical Society, Inc. decided to sponsor a fourth volume of those records collected during the past four years.

Dorothy J. Fox Clark (Mrs. Robert I.), Executive Secretary of the Society, and a professional genealogist, again was given the task of collecting, compiling, indexing and typing the material.

It is the hope of Mrs. Clark and the Society that this book will aid those seeking ancestors, and they will welcome correspondence from those persons needing further information in this area.

Five copies of this Volume IV will go to the DAR Library, Washington, D.C.; Genealogy Division, Indiana State Library, Indianapolis, Ind.; Public Library, Terre Haute, Ind.; Historical Museum Library, Terre Haute, Ind.; and the genealogy library collection of the compiler.

Neff on Oct. 1, 1876, where at age 20 she married Charles Sisk on May 9, 1896. Two sons were born to them - Victor, aged 12, and John, aged 10, who with her husband and her father J. L. Neff of Omaha, Neb. survive her..."

Black and gold printed mourning card found in Bible: "Emeline Austin Johnson died Nov. 24, 1893, aged 66 years."

Newspaper obituary pasted on flyleaf of Bible: "Mary E. Wilson, nee Edwards, was born at Worthington, Hampshire County, Mass., March 19, 1816, and died at Toledo, Iowa, March 16, 1909. At the age of eleven years she was converted. When thirteen years old her father with his family of ten children removed to Norwalk, Huron County, Ohio. On Feb. 14, 1833 she was united in marriage to Joseph H. Wilson. On Jan. 29, 1866, she, with her husband and children, removed to Toledo, Iowa, which has since been her home. Mother Wilson lived to such an age that she survived all of her father's family and her own but one. She leaves to mourn their loss besides her son, J. T. Wilson and family, seven grandchildren, two great-grandchildren, and two great-great-grandchildren and numerous relatives and friends... Interment at Woodlawn Cemetery, Toledo, Iowa."

Printed obituary and photo of Rev. E. S. Edwards pasted on flyleaf of Bible: "...of Lorimer, Iowa, passed away after a brief illness at his home Sept. 1, 1906. Father Edwards was born in Worthington, Mass., May 10, 1829. He removed with his parents to Norwalk, Ohio, when two years old and there grew to manhood and was converted and united with the church Nov. 13, 1851. He was united in marriage with Louisa S. Phillips, of Clearfield, Ohio. Out of this wedlock has grown one of the noblest families of our country. To them have been born eight children, grown men and women, well established in business circles. Father Edwards' death was the first to occur in the family. In May, 1855, with his wife and two children, he emigrated to Iowa and settled in Toledo, Tama County. In Oct., 1858 he was ordained to the ministry in the Baptist church at Green Mountain... enlisted in the Civil War in Company E, Twenty-fourth Iowa Infantry, Aug. 22, 1862, and remained in active service until close of war... leaves wife and eight children: Frank J., of York, Neb.; Mrs. Ollie Leavens, of Seattle, Wash.; Ezra A., of Lorimer, Iowa; Mrs. Emma Runyon, of Edgar, Neb.; Mrs. Annie E. Bailey, of Lorimer, Iowa; William H., of Shannon City, Iowa; Clarence C., of Beloit, Wis.; and George J., of Lorimer, Iowa; grandchildren and a host of friends..."

Handwritten on another flyleaf - "OBITUARY...
Rev. George G. Edwards was born in Worthington, Mass.,
Jan. 3rd, 1827. He removed to northern Ohio with his
parents in 1831. In early life he was a subject of
religious impressions, and, at the age of eleven was
converted...joined the Baptist church...began preaching
at age 19...ordained at age 21 at New London, Ohio where
he was pastor for several years, but came to central Iowa
early in 1855. He settled at Toledo, where he organized
First Baptist Church there in May, 1855. He was the pioneer
Baptist minister in all the region of Iowa occupied by the
Iowa Valley Association, and was for years the only Baptist
minister within a radius of forty miles; and was obliged
to travel far and wide across bridgeless streams and
pathless prairies to meet his appointments and attend
funerals, sometimes compelled to swim the Iowa River
bearing his clothes above his head. In Sept., 1860 his
wife died. In 1862 he entered the army as a private in
the Twenty-eighth Iowa Volunteers, Company F, but was
promoted to a chaplaincy and transferred to the Forty-ninth
U.S. Colored Regiment, stationed in and around Vicksburg,
Mississippi. He was in the first field fight of colored
troops at Milliken's Bend, June 7th, 1863. He was the first
chaplain of a colored regiment. Resigning his chaplaincy
he received an appointment under the American Baptist Free
Mission Society and was stationed at Vicksburg. He was an
earnest worker in the cause of free missions and the anti-
slavery movement. From exposure in the South were planted
the seeds of the disease which ripened early into death.
His last sermon was preached at Belle Plains, Iowa on
July 4th, 1869...He returned to Toledo to die of slow
consumption...Nov. 8th, 1869. He leaves a wife and three
children and an aged father..."

BURKETT FAMILY RECORD

"The way this Burkett Reunion came about Andy and Nan Thomas of Morton, and Wallie and Sopha Goslin of Fincastle, had been visiting and met on their way home and visited together a little while. Sopha said to Nan, 'I have been thinking of having the brothers and sisters get together at our house and have a reunion.' Nan said, 'Why not come to our house then go all around.' So our first reunion was held at Mr. and Mrs. Andy Thomas' and sons Alva and Ott in Morton in the year of our Lord 1906. The first Thursday in June was the day set apart for our annual reunion.

"At this time there were two brothers, two sisters-in-law, nine sisters, eight brothers-in-law and thirteen nieces and nephews of the immediate family.

"Since this time sixteen of the family have gone to the Great Beyond. Sopha Goslin is the only surviving Sister."

Peter Hane(Haines) was drafted in Company F, 57th Regt.

physical description: blue eyes, auburn hair, height
5 ft.3/4 in., fair complexion, born Piqua, Ohio, and

Geo.W.Hane and his wife, Mary Hoffman Hane migrated to
Indiana from Circleville, Ohio about 1844, and settled
on land about three miles from Coal Bluff, Indiana.
They were Pennsylvania Dutch.

See page 511, Deekwith's HISTORY OF VIGO & PARKE COS.

Mary Hoffman Hane.

Peter Hane bought the property where his grandson,

Malinda Nutt. Nicholas Nutt secured it from the Land
Office in Vincennes in 1851.

CYRUS MAPES and MARY FERRELL

Cyrus Mapes, farmer, married Mary Ferrell March 17, 1847, at the home of her father, Henry Ferrell, near Zanesville, Ohio, and brought his bride to Elbridge Township, Edgar County, Illinois, where they resided the rest of their lives. These notes and the accompanying papers are intended to throw some light on his genealogy, for the benefit of his descendants and relatives who may be interested. It is intended to furnish copies to the Vigo County Historical Museum in Terre Haute, Indiana, and to various libraries.

Much of the information was obtained from family records in a copy of the Holy Bible, Holman's edition, published in Philadelphia, 1875. It is my understanding that this copy belonged to Cyrus Mapes and passed after his death to his youngest child, Vinetta Mapes Jones, who was my mother. It is now in the possession of my brother, Frank Mapes Jones, at Sidell, Illinois, postal zone 61876. Brother Frank also has a letter dated November 26, 1848, which the father of Mary Ferrell Mapes addressed to his son-in-law and daughter in Illinois after his return from a visit he paid them. Photocopies of the family records and of this letter follow these notes.

In the family bible, the entries on the marriage "certificate", the names under "Births", and the first four names under "Deaths" were almost certainly written by George B. Jones, who married Vinetta Mapes and became my father. Most of the remaining entries and dates for the preceding entries, as well as the pages headed "Cyrus & Mary's Children's Children", appear to have been written by Vinetta, my mother.

Cyrus and Mary were buried in the graveyard at Marley near Paris, Illinois. According to my mother, her father Cyrus was a kindly man, with reddish or sandy hair, who operated a country store in addition to running his farm. She once showed me some of the accounts he kept. He built a home south of Marley station, and west of Ferrell station, on the railroad from Terre Haute to Paris and Peoria, and lived there with his wife, Mary, and their children. After his death, the homestead with 80 acres of land was included in the lifetime interest passing to his second wife, Rebecca, by whom he had no issue. The home was subsequently occupied by Cyrus's daughter Melissa and her husband, Alonzo B. Edwards, who farmed Rebecca's land as well as 80 adjacent acres inherited by Melissa. On a plat of Elbridge Township over 50 years old, the home is indicated as the "residence of A. B. Edwards". It has recently been remodeled, and is now occupied by a Mrs. Hawkins and her mother. The plat also shows the 80 acres inherited by Cyrus's eldest son, Henry Ferrell Mapes, and the 80 acres inherited by Vinetta and sold to her husband's sister's husband, Isaac Landes. No doubt the other children inherited equal shares. Some money was also divided.

The entries in the family bible under "Cyrus & Mary's Children's Children" indicate that Cyrus's father William married Elizabeth Spicer, who came from Scotland. THE MARRIAGE RECORDS OF MUSKINGUM COUNTY, OHIO, HOWEVER CLEARLY SHOW THAT HER NAME WAS MARGARET SPICER.
(H.L.J. 8-30-1968)

-2-

Cyrus had a younger brother, Isaac. According to a newspaper clipping preserved by my mother, Isaac was born in Ohio March 22, 1832, and came to Edgar county about 30 years later. About the year 1856, he was married to Martha Ann Kerrick, who with the following seven children survived him: Maria, wife of Sylvester Casteel of Kansas state; Stephen of McLean county, Ill.; Ida, wife of Charles Wade near Paris; Mrs. Clara Barnhart, Chauncey and Stella Mapes, the latter three residing at home. Asa Mapes, another son, was killed 20 years earlier. (The marriage records of Edgar County also show that William S. Mapes, son of Isaac Mapes and Martha Kerrick Mapes, married Laura Waite, July 28, 1889. Possibly S. is the abbreviation for Stephen.)

Notes left by my mother indicate that Cyrus Mapes had a cousin Andrew Jackson Mapes, whose bride's maiden name was Campbell and whose children were Dr. Wilmer F. Mapes, Shapley A. Mapes, Clarence Mapes, and Luella Mapes. She also refers to a Mark Mapes, relationship not indicated, born June 8, 1800, and deceased September 12, 1879, who married Jane Moffat (born September 18, 1800 and deceased March 1, 1879).

Henry Ferrell Mapes, the oldest child of Cyrus Mapes and Mary Ferrell Mapes, emigrated to Missouri and engaged in farming northwest of Carthage. He returned to Illinois, however, and spent the rest of his life on the farm inherited from his father. According to notes left by my mother, Henry and his wife Mary had the following children: Jesse, born Jan. 8, 1875; Infant, born and died 1876; Lydia, born March 14, 1878 and died March 21, 1905; Laura Etta, born Nov. 9, 1880, and died July 8, 1901; and Irvin, born September 2, 1889. So far as known, Henry Ferrell Mapes had no grandchildren.

Isaac C. Mapes, the second son of Cyrus and Mary Mapes, married Henrietta Gaumer, and lived on a farm west of Isabel near Oakland, Illinois. His son, Melvin W., married Minnie Richardson and had two sons: Lester, who died unmarried, and Russell, who married Hermine Huffman. Russell is now with Horace Link & Co. at Paris, Illinois. Isaac also had two unmarried daughters: Rosa and Mertie Ann, the latter having been born April 26, 1883.

Elizabeth Mapes, the oldest daughter of Cyrus and Mary Mapes, married Richard Yeargin, and had a son, Iley, who was held up and killed at Sapulpa, Oklahoma.

William T. Mapes, the third son of Cyrus and Mary Mapes, married Emma Gaumer, the sister of Isaac's wife. He moved to Owosso, Oklahoma, where he owned and operated a store. His daughter, Grace, married Sed Isibell, and had a daughter, Helen, who married Francis Clark. William's son, Frank Mapes, after the death of his first wife, Beulah Carriston Mapes, married Addie Rogers, a cousin of the late humorist, Will Rogers, and like him, a descendant of Sequoyia, the Cherokee Indian who invented an alphabet for the Cherokee tongue about the year 1820. Frank and Addie now live at 527 South Chickasha Street, Claremore Oklahoma. He has no children.

-3-

Frank Mapes's sister, Nannie, died at the age of four years. His youngest sister, Edith, married John Beighle, and now lives at Skelly Town, Texas.

Sarah Mapes, daughter of Cyrus and Mary Mapes, married Harmon Partridge. They lived at Maryville, Missouri, and at Lawton, Oklahoma. There were no children.

Cyrus's daughter, Melissa, married Alonzo B. Edwards. After living in the Mapes homestead for many years, they moved to Marley station, where he operated a country store. Their only child, Glenford, worked as an electrician in Paris, Illinois. He married Flossie Wyrick, by whom he had two daughters: Martha Marguerite and Maxine. Martha, after her divorce from her first husband, Robert Means, married Harley Dale. She had a son, Raymond Dale. Maxine married John H. Montgomery. Flossie, Glenford Edwards' surviving widow, lives at 415 East Court Street in Paris, Illinois, where she operates a nursing home.

The three children of my mother, Vinetta Johanna Mapes Jones (youngest child of Cyrus and Mary Mapes), were in order of birth as follows: Howard Lewis (myself), born December 1, 1897; George Clifford, born November 10, 1899; and Frank Mapes, born November 25, 1907. Clifford was killed by an automobile on November 6, 1920. Frank inherited his father's veterinary practice at Sidell, Illinois, where he now resides with his wife, Corinne. He is presently employed as a veterinarian by the U. S. Department of Agriculture. His daughter, Sarah, after completing a tour with the Peace Corps in Kenya, East Africa, is now in Australia en route home.

My wife is Bertha Christina Jones nee Wolter, whom I married June 25, 1927. We have two daughters: Dorothy Carol, born December 20, 1930, and Barbara Ann, born January 10, 1941. After 35 years as accountant and statistician with the telephone company in Chicago, I spent five years as professor of statistics at the University of Chicago, and served as a statistical adviser over a year in each of the countries of Turkey and Taiwan. On June 14, 1952, Dorothy married James K. Robinson, now associate circuit judge at Danville, Illinois. She has five children: Patricia Lee, born October 7, 1953; James Kent, born December 27, 1954; Michael Louis, born April 20, 1956; Brian David, born May 10, 1958; and Scott Anthony, born March 25, 1964. Barbara is completing work on her doctor's degree in biopsychology. On June 3, 1965, she married Lawrence O'Kelly, who has just accepted the chairmanship of the department of psychology at Michigan State University.

There are several histories of Muskingum County and nearby areas in the McIntire library in Zanesville, Ohio. In Past and Present of the CITY OF ZANESVILLE and Muskingum County, Ohio, by J. Hope Sutor (The S. J. Clarke Publishing Co., October 1905), there is a biography of Washington Spicer, from page 523 of which the following is excerpted: "He was born in this [Salem] township, June 9, 1827, and is descended from English ancestry. His paternal grandfather was brought from England to America as a British soldier to aid in the subjugation of the colonies then in revolt against the latter country, but investigation of the causes of the war led him to desert the English army and to join the American troops, with which he fought throughout the struggle for independence. While he was with the 'red coats' they made a raid in Pennsylvania, visiting each house in a certain settlement, taking what they could with them and burning what they did not want. After the war was over Mr. Spicer went back to one of the homes which the soldiers had raided and married the daughter of that household. His children were David, Daniel, Jonathan, Thomas, Elizabeth, Catherine, Mary and Margaret. Daniel Spicer, father of our subject, was born in Pennsylvania, about 1787.... He arrived in Muskingum county in 1815...." It seems reasonable to suppose that the Daniel Spicer and the Margaret Spicer who were married in April, 1820, both by Justice of the Peace Richard H. Hogan, were brother and sister, and that the Revolutionary soldier just mentioned was the maternal grandfather of Cyrus Mapes.

In History of Muskingum County, Ohio, by J. F.. Everhart (A.A. Graham, Columbus, December 1882), the following references appear on page 361: "SALT WORKS. In the year 1807, James Sprague, and his son Samuel, were pushing a canoe up the Muskingum river, and when just below the mouth of Wills Creek, they saw an Indian encampment, and, putting in to shore, an old Indian offered to show them a good salt spring for \$1400. Mr.

The first part of the report deals with the general situation of the country. It is found that the country is generally well developed, but there are some areas which are still in a backward state. The main reason for this is the lack of capital and the lack of a strong government. The second part of the report deals with the economic situation. It is found that the country is generally well developed, but there are some areas which are still in a backward state. The main reason for this is the lack of capital and the lack of a strong government.

The third part of the report deals with the social situation. It is found that the country is generally well developed, but there are some areas which are still in a backward state. The main reason for this is the lack of capital and the lack of a strong government. The fourth part of the report deals with the political situation. It is found that the country is generally well developed, but there are some areas which are still in a backward state. The main reason for this is the lack of capital and the lack of a strong government.

The fifth part of the report deals with the future of the country. It is found that the country is generally well developed, but there are some areas which are still in a backward state. The main reason for this is the lack of capital and the lack of a strong government.

Later Notes - 2

Sprague did not accept the offer, and shortly after, the Indian showed it to Mr. Mapes for a rifle. Mr. M. began to make salt there about 1810. The spring proved to be a good one, and these works have been operated for fifty years....MILLS. In 1813, Alexander Struthers built a grist mill on the south branch of Symmes Creek, just above its forks, and in 1818, he added a saw mill. These mills were of incalculable benefit to the settlement, even extending beyond the township boundaries; and yet Mr. Struthers did not retain control of them many years; he sold to J. N. Ingalls, and he, to William Mapes. The latter added one run of buhrs. Mr. Mapes died, and Frederick Minner became proprietor for a time, and was succeeded by Peter Varner, who operated the mills in 1866."

The deed to the mill tract, and other lands sold to Frederick Minner, was signed September 27, 1853, by Cyrus Mapes, executor of the will of William Mapes, who died in 1848. These lands, comprising over 200 acres, were located in Madison township about two miles west of Adamsville, Ohio, and were sold subject to dower rights of the widow, Margaret K. Mapes, to 87 acres. (Source: Muskingum County deed records, vol. 25, pp. 191-5.)

By his will, dated April 10, 1847 (Will record D, pp. 302-4), William Mapes bequeathed 160 acres of land in Edgar county, Illinois, to each of his three sons: Cyrus, Marcellus, and Isaac. The farm in Madison township, Muskingum county, Ohio, was to be divided equally among his widow and three daughters-- Julia Ann, Mary Ann, and Lucinda-- when Lucinda attained the age of 18 years. Other land, located in Jackson township, Muskingum county, was to be sold and divided equally among his children Cyrus Mapes, Catharine Newburn, Marcellus Mapes, Julia Ann Mapes, Isaac Mapes, Mary Ann Mapes, and Lucinda Mapes. Not mentioned is William's youngest daughter, Sarah Margaret, born about 1848. (See Muskingum County Probate Court Guardian Docket, vo. BE, pp. 11 and 12.) The indications are that Sarah Margaret was the daughter of William Mapes by his marriage to Margaret Tidball in 1847, while the older children were by his marriage to Margaret Spicer in 1820. His widow married James Carnes in 1855.

Stones in Wilson cemetery north of Marley station in Elbridge township, Edgar county, Illinois, show that Cyrus Mapes was born Dec. 10, 1823, and died Aug. 23, 1890, aged 67 years, 8 months, 18 days; while his wife Mary died Feb. 28, 1882, aged 56 years, 5 months, 20 days.

Recently unearthed notes and correspondence left by my mother provide the following information. Iley Yeargin, a grandson of Cyrus Mapes, had a sister, May, who died June 23, 1938. His children were Theodore, Helen, Marion, and Gladys. Theodore was in the Navy during World War II, serving on the submarines Whale and Cuttlefish; while Marion died in a Japanese prison camp. Helen once lived at 800 Modoc street, Vallejo, California. Gladys Yeargin Broghan lived at Springdale, Arkansas, and had four children -- three daughters and a son. One of the daughters, Grace, died Jan. 11, 1938. Recent attempts to locate members of this branch of the family have been futile.

Later Notes - 3

Edith Mapes Beighle, at Skellytown, Texas, has four children: Jewel, Lois, Melvin, and Olga. Jewel married Robert W. Blackett, and now lives at 802 Center Street, Garden City, Kansas. Their children are Robert William, Jr. (deceased), Michael and Mary (twins), John, and Sharon Kay. Lois married (1) Charles D. Hackworth, and (2) Robert S. Marlar. Her children are Melvin Charles Hackworth (Ogden, Utah), and Terry, Nita, and J'Hon Marlar. She resides in Tampa, Texas. Melvin G. Beighle, living in Skellytown, Texas, married Josephine Chesher and has two children, Patricia Ann and Melvin Wayne. Olga June Beighle married (1) Lynn Stafford and (2) Charles Shoemaker, Jr., and lives at 1716 New Boston Road, Texarkana, Texas. Her three children are Bryan Stafford, Neva Stafford, and Blair Shoemaker.

COPIED FROM HANDWRITTEN NOTEBOOK RECORDS OF CHARLES D. HANSEL

(dated) Dec. 28, 1948... Alford Miller settled $1\frac{1}{2}$ miles west of Mansfield, Indiana, Parke County, about 1840 on 320 (acre) farm(.) (he) built a large two story house at the foot of a hill(.) of course there was a good spring. The house burned a few years back but the spring is still in use(.) there has never (been) been a well on the farm. The spring branch went down along the road and furnished water for the (stock) stock when in pasture. the farm was about half hill and half lush bottom land of the best quality.

He married a Torr and they had a family as follows: Perry, Ewing, Emmie (Moore), Hunn (Chapman), Siss (Brubeck), Matilday Hansel, second marriage a McPheeters, Usher, Freemont, Joe, Third a Torr. Marrah. she married Miller... Matilda Hansel McClen and a boy I don't remember his name but they died young... Lora Anna, Charley, Siss.

(April 1, 1878 Fred Hansel and family left by covered wagon for Arkansas taken from Grand Fathers Diary)

I remember Grand Father helping me in the wagon. He was a large man wore long white beard and hair... the next I remember was crossing the river at St. Louis and seeing the teams on the bank loading sand and I called them goats as I guess they were small mules. There was a man by the name of Eppert rode to St. Louis with us but I don't remember what became of him. But instead of going to Ark. we went to Jackson Co., Mo.

I remember one evening we came to a nice grassy place and pulled in for to camp for the night but about the time we got a good fire going a man came and made us move on.

The next I remember we were living in a small house no barn..

we tied the horses to the wagon...Father had gon to Richill to help build a rail road and while he was gon Mother and the girls were washing and the house got on fire as there was no chimley or ceiling...the pipe just went out through the roof. but they got it out before it did much damage...they used the water we had carried some distance from a spring of corse(my bucket was small) Father came home one night and the horses was tied to the wagon and Charley our best horse got tangled up in a roap and tore his lips all luce and cut his leg so bad they shot him.

The next place we lived was a pretty good 3 room log house this was in 1882...Mother was gitting worse all the time and on Aug. the 18 the youngest girl Sisie died and on Sept. 9 Mother past a way. I remember the last word she said Father said to her Tilda can I get you a drink of water she replied No Fred No and past away in a few minutes. They are barried at Woods Chapple a few miles from Lee Summit, Mo. The graves are about 25 feet from the north east corner of the Woods Chappel(Cappell) I was there in 1922 but no markers.

The next place I remember living was in a 2 room (log of corse) house...We had to sell the team to pay the funeral expences...Dad went to work at what ever he could get to do, mostley making rails in the winter time and farm work in summer...he would walk to his work from 1 to 5 miles, in the winter time he traped for pole cats or skunks as some people call them. He would get up earley and go to his traps on way to work he mad pretty good at it a skunk with a white stripe back to his ears was called a star and brought \$1.00 to \$1.50 if the stripe went half way back on his back it was called a short stripe and run 75¢ to \$1.00 if the stripe went over half way it was call long stripe and 50¢ to 75¢

I remember a verrey large dog came to our house and one day Father killed an skind him and tacked the hide on the side of the house and he got \$1.50 for it when it got cured out. I forgot to say the skunk hides had to be stretched on a board 6 in. wide and sharpened on one edd and the hide was pulled on the board with the flesch side out to drye from 3 weeks until you got ready to sell. I know one time he sold \$50.00 worth.

While we lived here a man came and brought a Mr. Poke Potter with him to be for(e)man and they had 20 or 30 men cutting cord wood. It was cut 4 ft long and split just so they weren't to(o) heavy to handle. They kept 10 or 12 teams hauling to Bluesprings and shipped to Kansas City. Potter had one boy about 3 years old. They lived with Ben Head his brother in law. He got to seeing Lora and one day they got married. Dad was pretty mad but everything worked out very well. Finally they moved to Ark. Sister Anna kept house for us untill we dâcided to go down in St. Clair Co. to see Unkle Ben Irwine they had come from Ind. Ben's wife was Dad's Sister Lizzie. We had taken some furniture with us and we got a home on a Da(1)ry farm. Dad worked all the time and Sister Anna worked 3 or 4 days a weak. I kept up the fire and plaid(played) with my dog...in the Spring Anna married Sam Young...he was a farmer boy but they went to Shell City and started a livery barn. Dad & I went back to Lee Summit...Dad got a farm job..I lived with a famley by the name Deerfield at Harvest Time I rode the lead horse as it took 5 to pull the binder...we cut 100 a of wheat 80 a rye...I got some close(clothes) for my work. Then I got a job watering cattle 150 head 1½ miles to water twicst a day and 50 head of mules once a day...I was there 6 weaks and got 8 dollars. I went over where Dad was cutting corn and he had made arrangements

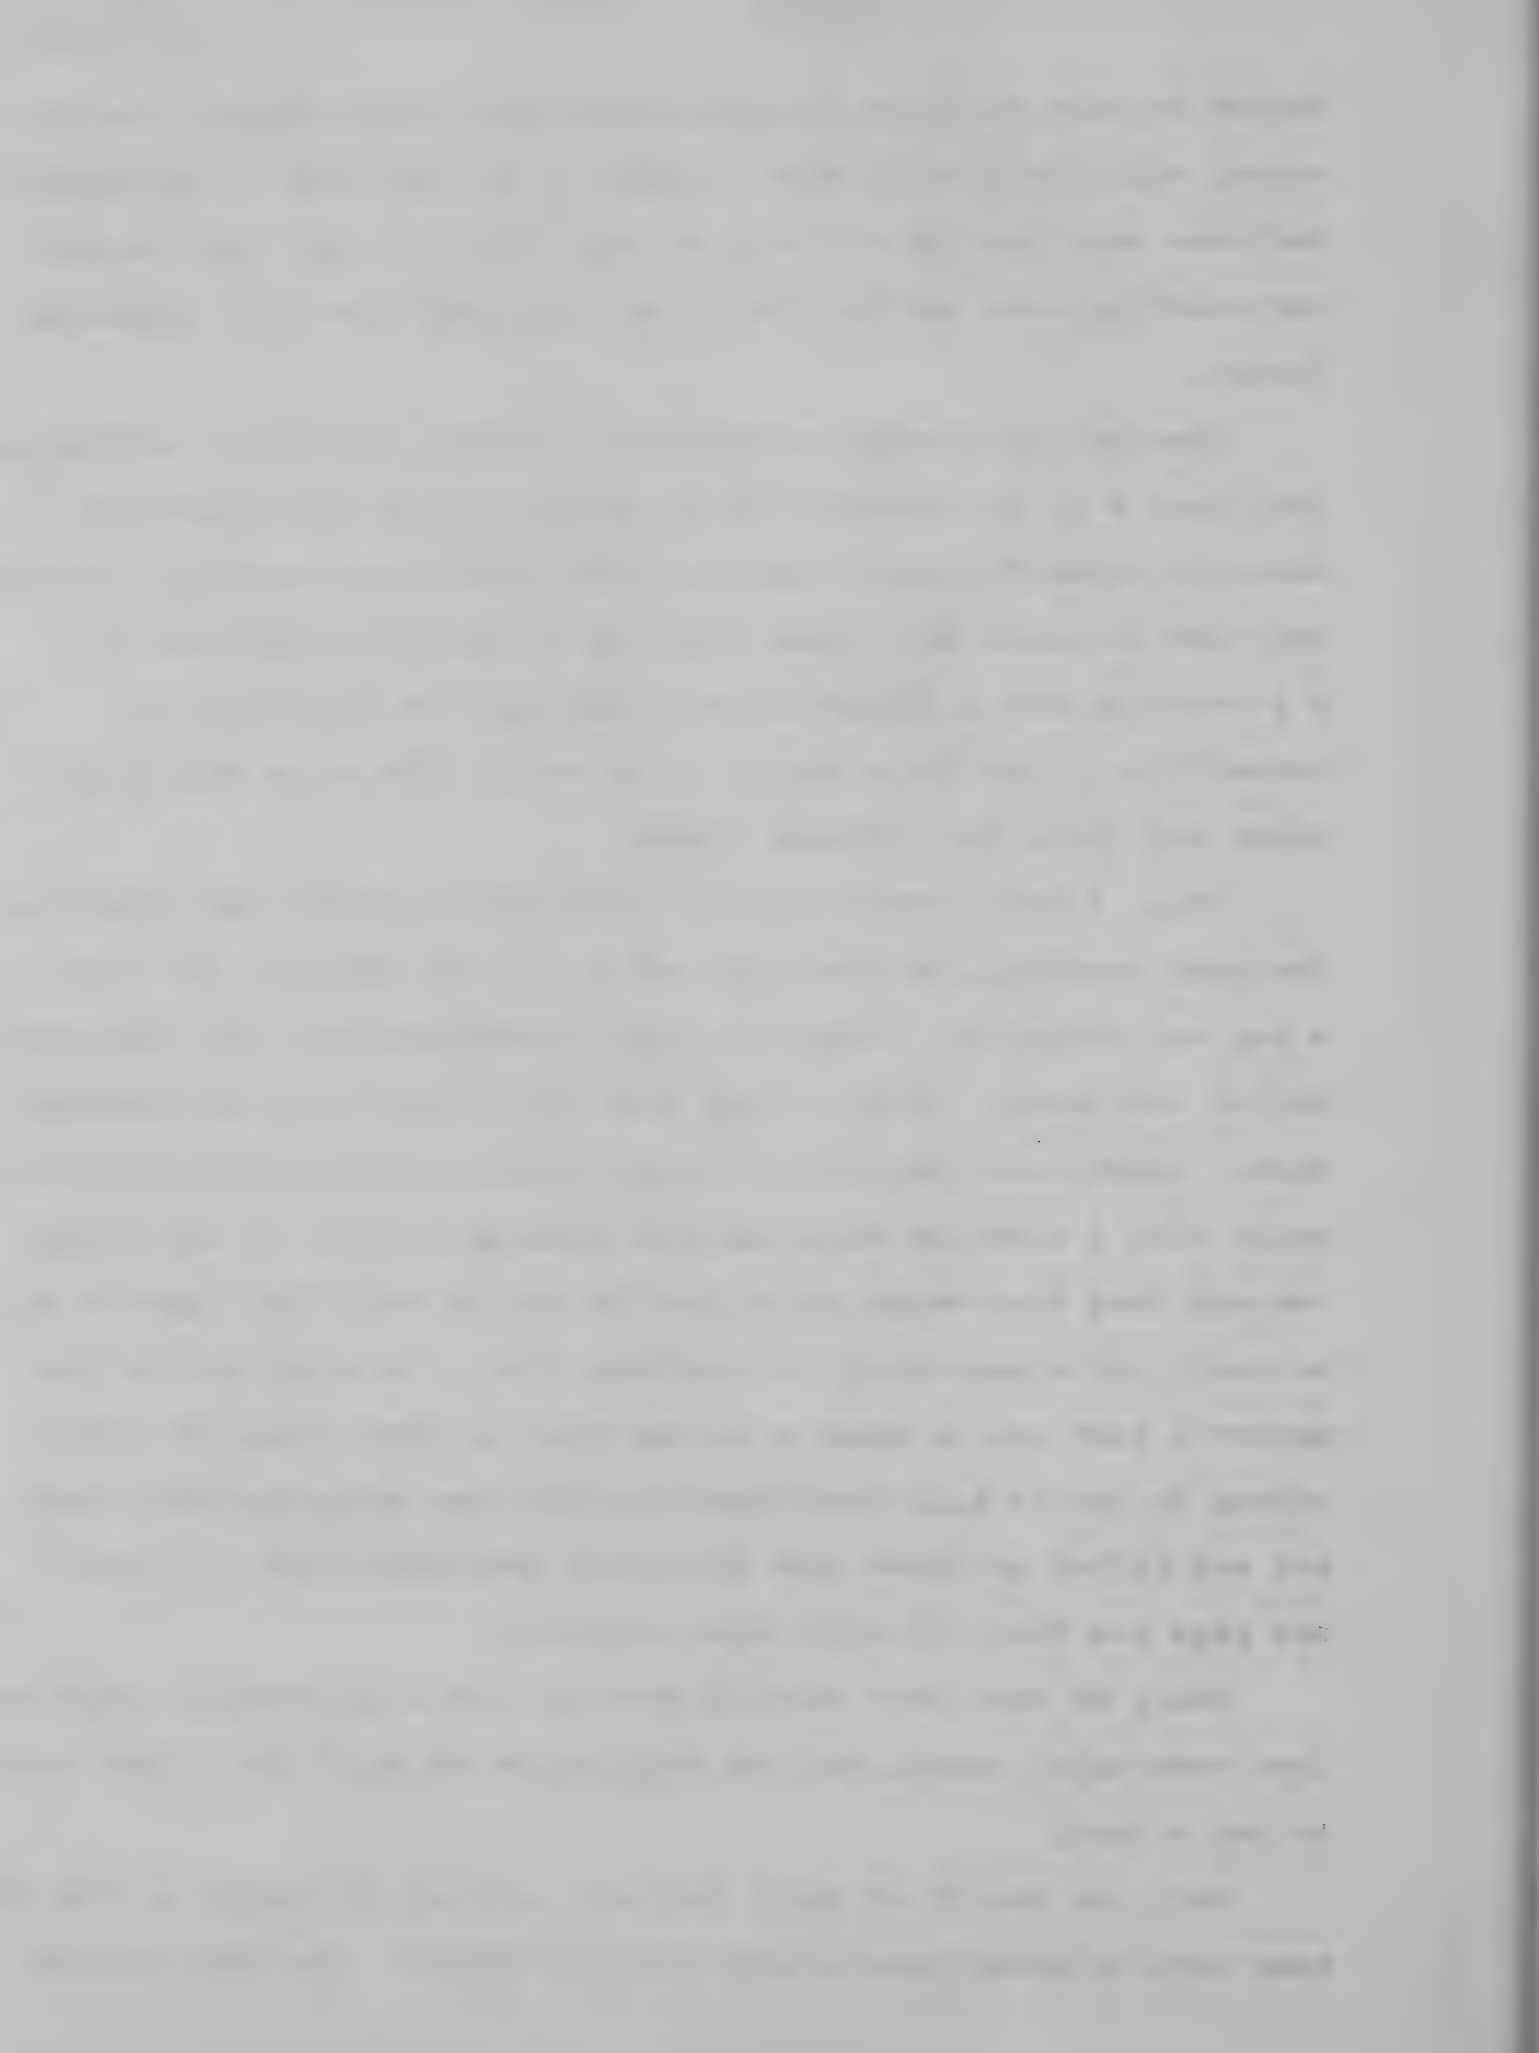

for me to stay at Silas Reeder's (he was from Parke Co. Ind.) and go to school with his 2 small boys 2 miles up the railroad to Lee Summit. Dad came over one day and said we were going to Ark. when he got dun shocking corn and he thought we would get there for Christmas dinner.

When he got through we started by train...we got to Nettleton Ark about 4 in the morning had to change trains for Gainesville about 20 miles the agent said our train wasn't due until 8 o'clock and then it might be 2 hours late and as Nettleton was just a r r crossing not a single house so Dad said we could walk to Gainesville if the train caught up we would ride so we road 5 or 6 miles got there for Christmas Dinner.

Well, I don't know how they lived but we always had something the next morning...we took dogs and a gun and went out and found a hog and killed it. They had a man bored (boarding) with them they called him Dutch. He had a dog that would track hogs and nothing else. Dutch made his living hunting hogs for other people the dog would find a bunch of hogs and hold them by running in and biting one and then they would run after him and he would run towards us.. we would get close enough to see what kind of a notch was in the mother's ear and as soon as he saw that he knew whose the bunch belong to and he told them where the hogs were using and they went out and killed or drove them in...maybe she would have 2 different age pigs but they all would stay together.

Well, we went deer hunting several times...saw several deer but they were too smart..and get away before we could get close enough to get a shot.

Well, on the 22 of March Dad said Lora we are going to look for some work we never done a day's work all winter. She ask how much

money he had he replied not a cent she gave us \$2.10.

We made of(f) I well remember the first night we come to (a) house about sun down and they said we could stay. the house was a large living room with a big fire place and had 2 beads(beds) in the corners...the kitchen was small..the famley composed of the father 4 girls ages from 18 to 8 Hired man houn dog pet pig we all settled around the big fire after supper and the hired man intertained us on the violine..the girls quarled whoe could hold the pig on ther lap so bed time came they took us out and we slep in a small room built of lumber at one end of the big house the room was ventilated but we had a good bead and plenty of cover charge 50¢ the next place I remember we stayed 10 or 12 miles from Birds Point that is just across the Miss.River from Caro,Ill. We had walked all day and hadn seen a person and onley one house...Not even a train the last 4 miles the water was all most up to the ties this was what they called Nigro Wall swamps We got through about sun down there was 3 small cabins the firs one couldent keep us but the second they would... this was a verrey small one room no windows one door no floore or chimley built the fire on the dirt floor and the smoke went out through a big hole in the roof...there was one boy about 10 he and father mother slep in one end and we the other so the next morning dad said we had no money but would work it out so we agreed to work one day and staid 2 nights so the next morning we started for Birds Point got there about ten o'clock but no money and the onleay way was by boat the grocery said to get on they would not put us of(f) but dad siad no so we started down the track againe...we hit Charleton about 2 o'clock the sec.boss told us to go down to the house and his mother would get us a bite to eat and we had a good lunch(there is some good people in the world) she said for us to

go over to the white house across the field the Dr. hired everyone that came along...the lady house keeper said he was wanting hands but he would not be in till late as it was Sat.night so we waited till 8 o'clock and he hired us at \$15.00 per mo.

Well, come and I will shoe you where you will sleep...going out to a small caban in one corner of the orchard Dr.knocked on the door John get up light the lamp and unlock the door orders were obaid and a large negro apeared...we went in John you get a cover and get over in the corner you will sleep in the bead. Next morning they brought our breckfast out and we ate on a small tabbe and John ate on the floor where he had his bead. Monday we started to work clearing some small bushes and chunks off a small field we went fishing on Sunday but had no luck.

I went with Dr. one day 4 miles...we went to a nice place but they had 5 or 6 cabins back of the house for there collard help... there 3 or 4 collerd women about there work and several collard c children play about in the yard, and some distance down in the field was 4 or 5 teams plowing harrowing and planting corn a white man dresed in a white shirt as boss...Dr.told me what to do while he road down to see the boss and I did as told. and when they came back the boss called me ever thing but a gentleman but I did not say a word because I thought I was more of a gentleman than he was... Well, the 3(rd) Monday morning Dr.told Dad to yoke up an ox team and go to plowing...Dad said he was to old to work oxen. Dr.said he go up to his office and he would be up and pay us. so we went 4 miles and at 11 o'clock he came and opened the ofice set down at the desk and wrote out a recipt and said to dad sign this...Dad^{is} looked it over and said this/not right...Whye is it not right...

Well, we worked two ~~XXXX~~ weak whitch would be \$7.50 and all I got was 25¢ for tobacco and 25¢ for washing and this is onley for \$4.00 well you was there 3 Sunday and I charged you \$1.00 a Sunday for board...Dad was mad and I said a few words(I won't cote(quote) but signed it and we started for Birds Point...Dad kept talking about how Dr. treated us I said to him Dad I would not have signed it...
Damb
he said we are nothing but~~x~~tramps what else could we do...Well, we got back to Birds Point about 4 o'clock but it was 8 mi where we got one to Carro(Cairo)...went to a cheap hotel for the night. I con't remember I think it was the second day we got a job from the post office man in a small town at \$1.00 per day and board We stayed all night and the next morning he took us to the farm we crosse a small river by fairy(ferry) I think it was the little Wabash...he made arrangements for us to stay on the farm..We built fence along the river and set the post slanting down stream so as to let the trash would not hang on them when the river got up. We nailed split rails to the post with the old cut nails and you had to learn whitch way to set the nail or you would split the rail.

I do not remember how long we were there not over a weak. he was a nice man he came over and had us go over and stay all night with him and started for Ind. the day before we got to Vinsants (Vincennes) Dad said we would not git dinner and when we git to Vincants we would take a train to Terre Haute...we had a hard time getting a place to stay finley(finally) about 8 o'clock we got a place if we did not want supper. so we staid Dad told him he would pay that night as we wanted to git up earley so we would git to Vincants in time to catch the train for Terre Haute...he said

Well if you don't stay for breckfast I won't charge you...so we got up earley and got to Vincance just in time for the train...we got to T.H. at one o'clock and hadent eaten a bight since the morning before...we had 50¢ so we got one dinner and started for Mansfield we caught a ride going to Fontanet and we learnt from him that Alf McCarty lived at Fontanet...he was one of Dad's friends in the Sivel(Civil) War(he(Dad) served 4 years) so we stoped with him over 2 nights then we learned that Dave Underwood(?) lived at Lena so Sunday morning we started to Lena got there about 2 or 3 o'clock and he was bad sick so we did not stay long. From there we started for Uncle Jacob Cale's 2 miles east of Mansfield got there it was getting late Aunt Sarah came to the door and no one said a word then Aunt Sarah said my God it is Fred Hansel(ten years had past) we went in I thought it was the nicest place I had ever saw and there was Cousin Claud(just a few mo. older than I was) I thought does he dress that way every day I did not know it was Sunday

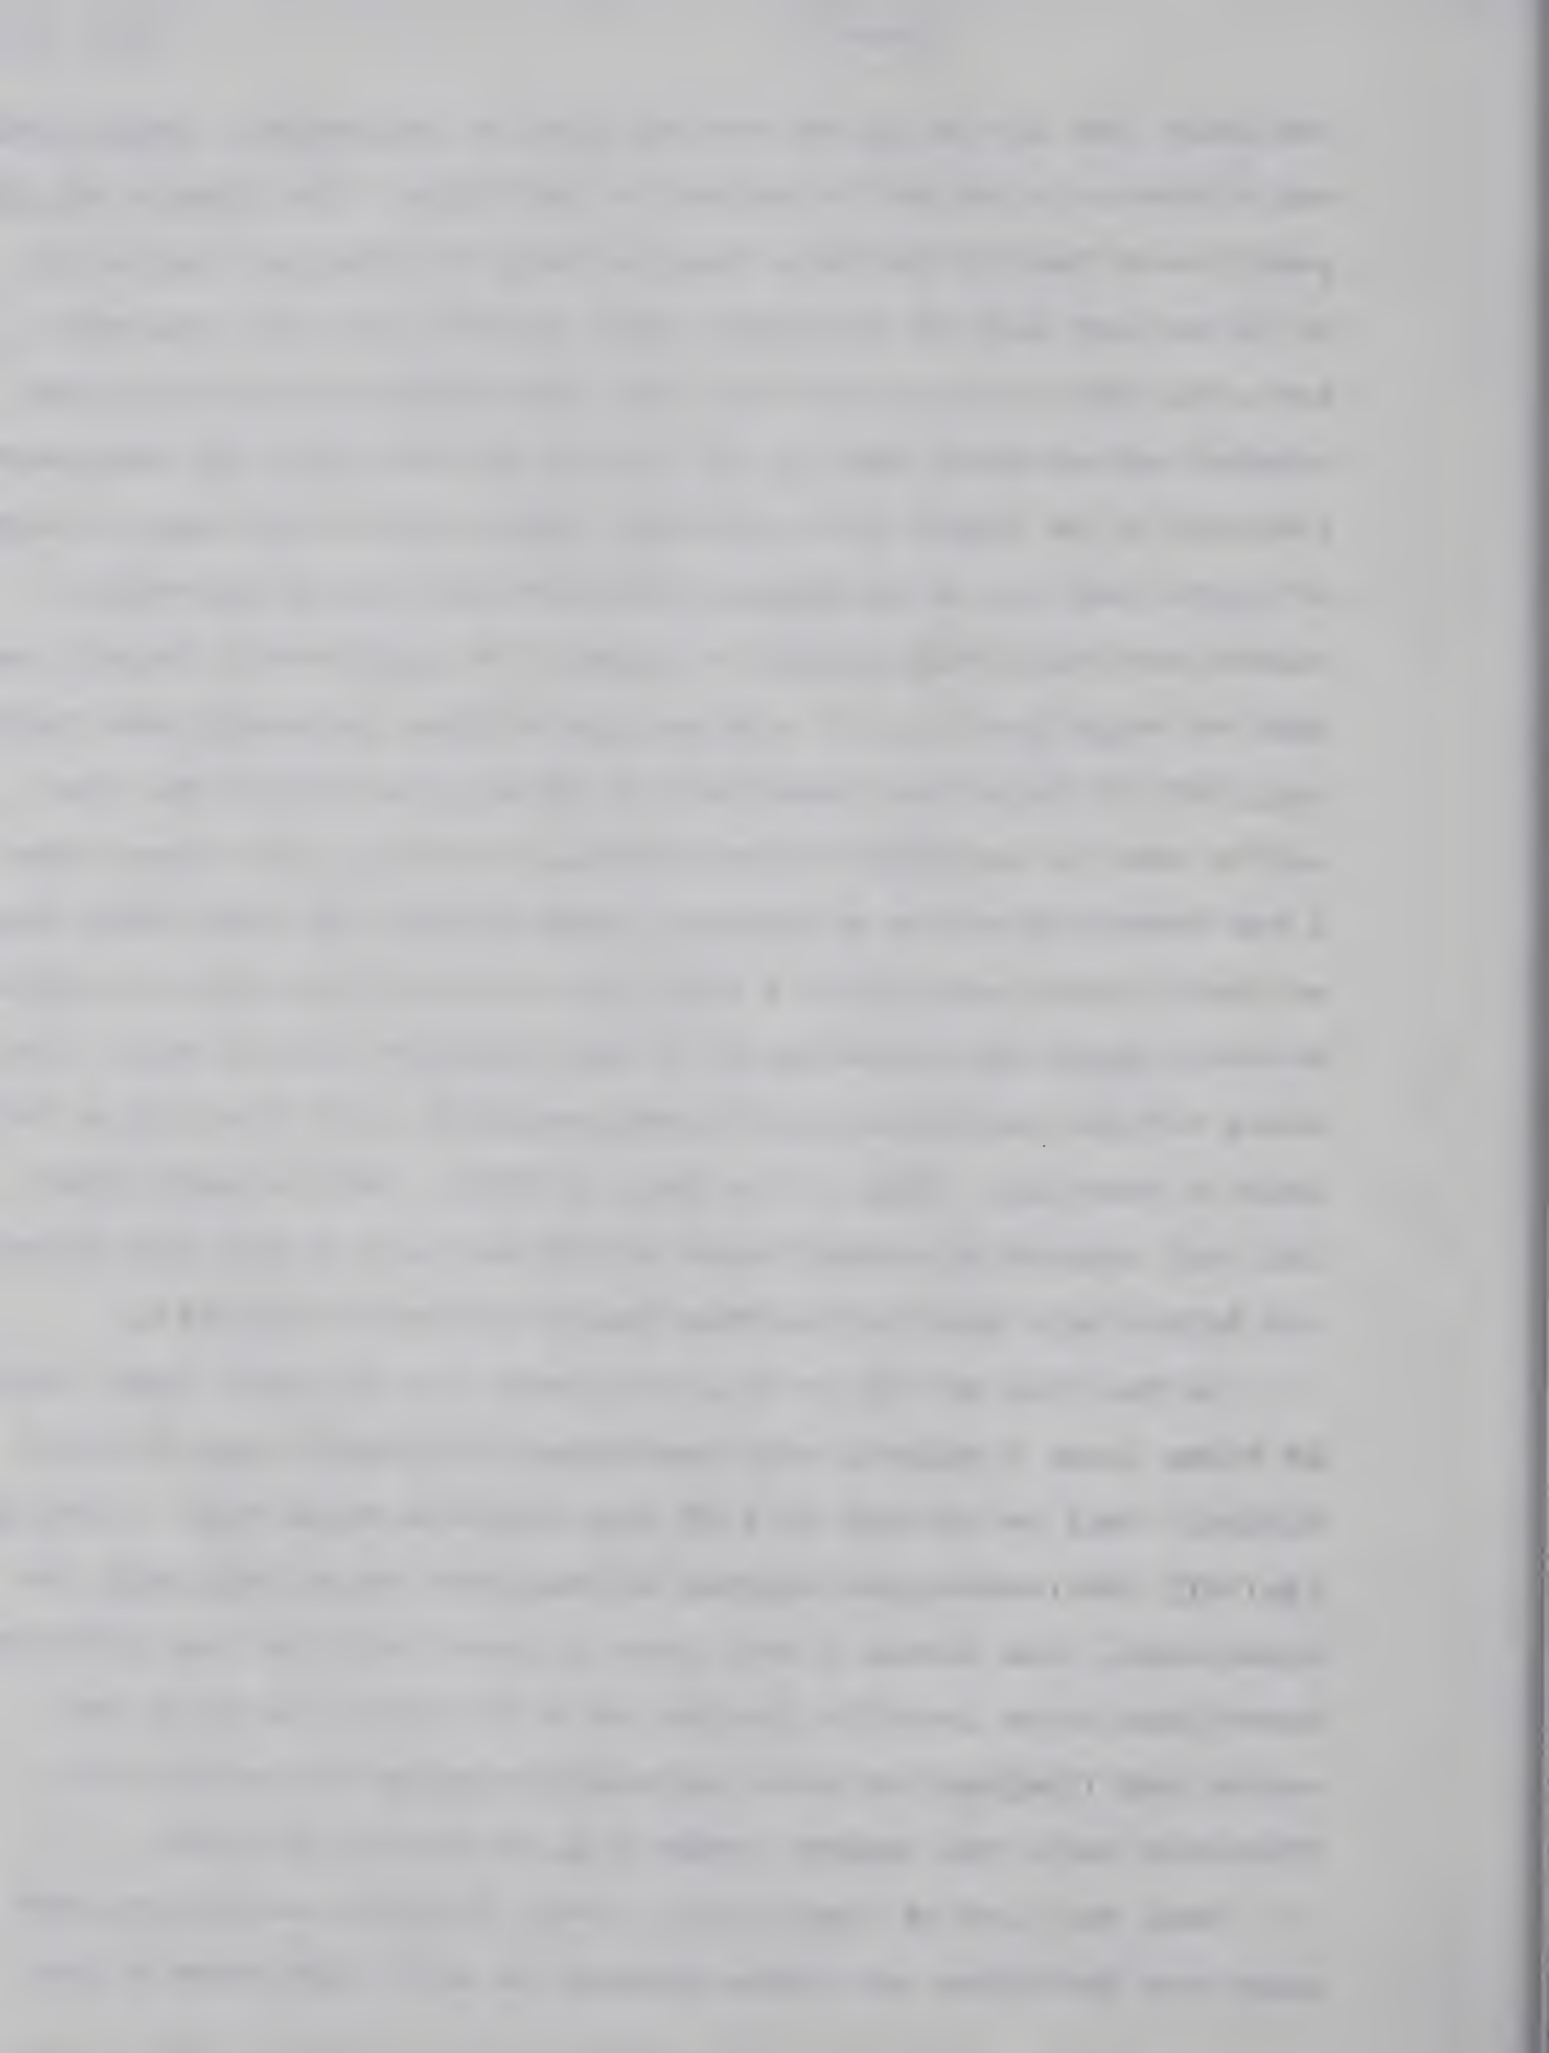

The next day Uncle Jacob took us out Rockville and got me a pair of plow shoes and a big straw hat...in a few days we went down to Bob Mitchells his wife was a cousin to Dad...I always called her Aunt Liday...she took me down to Bridgeton and got me a nice pare of fine shoes and a nice straw hat...then we went over to Uncle Math Chapman and their son had a good suit he had gotten large for so they gave it to me and I began to think I had as good clothes as Cousin Claud...Mrs.Chapman was mother's sister. Dad got a job on the farm and I went where ever I pleased I stayed most of the summer at Mansfield at Uncle Howells Hansels he had a store and 2 boy my age and of corse we had such a nice time swimming and fishing...the store set on the bank of the creek and the back door wasent in

use onley for air as it was several feet to the ground. Uncle Hawl was a cousin to Dad and a brother to Aunt Lida. They always kep the penut barel back by the back door so Scott the youngest boy would go in and get back by the penut barel and fill his hat with nuts but after this went on for some time Uncle Hawl was siting on the counter and as Scott came by he knocked his hat of(f) and down went the nuts so we didnot get enney more onley Uncle would have us work a little then pay us in penuts...Aunt Frone(?) was a wonderfull mother she would stay up till we came in at night say 9 o'clock and then we would have? she was one of them you could have faith in...Well by this time itwas well up in Aug. so one day Dad came and we went to see Uncle Usher Miller..he lived in the house where I was borned there was a neighbor there helping him build some fence so the Mr.Adams ask Dad if I could not stay with him and go to school he would board and clothe me so I went the first day of Sept. Mr. Adams had his second wife and a man around 38 or 40 they had a child about a year old. This is the fall of 1888. Well we moved that fall and started to school about Oct.15 and went to the same shcool the Cofman boys went to the Ames School 2 mi e of Bridgeton.

In the fall of '89 we Mr.Adams moved down 10 miles south west of Terre Haute 2 miles s w of Praireton and by this time we had 2 babies. Well we had out 35 A of corn and some wheat etc. I had to (do) all the farming and milking as Mr.Adams had to help with the house work. One Sunday I went over to Greenfield Bio the folks from Terre Haut drove down for the day and a Mr.Wildon had boats he rented and I helped him some and caught minnows and sold to the fishermen and a few Sunday I made a \$1.00 mostley 25 or 30¢

Well the last of August Mr.J.A.Rea, Mr.Adams stepfather came down from Bridgeton and Sunday morning he and I went over to the

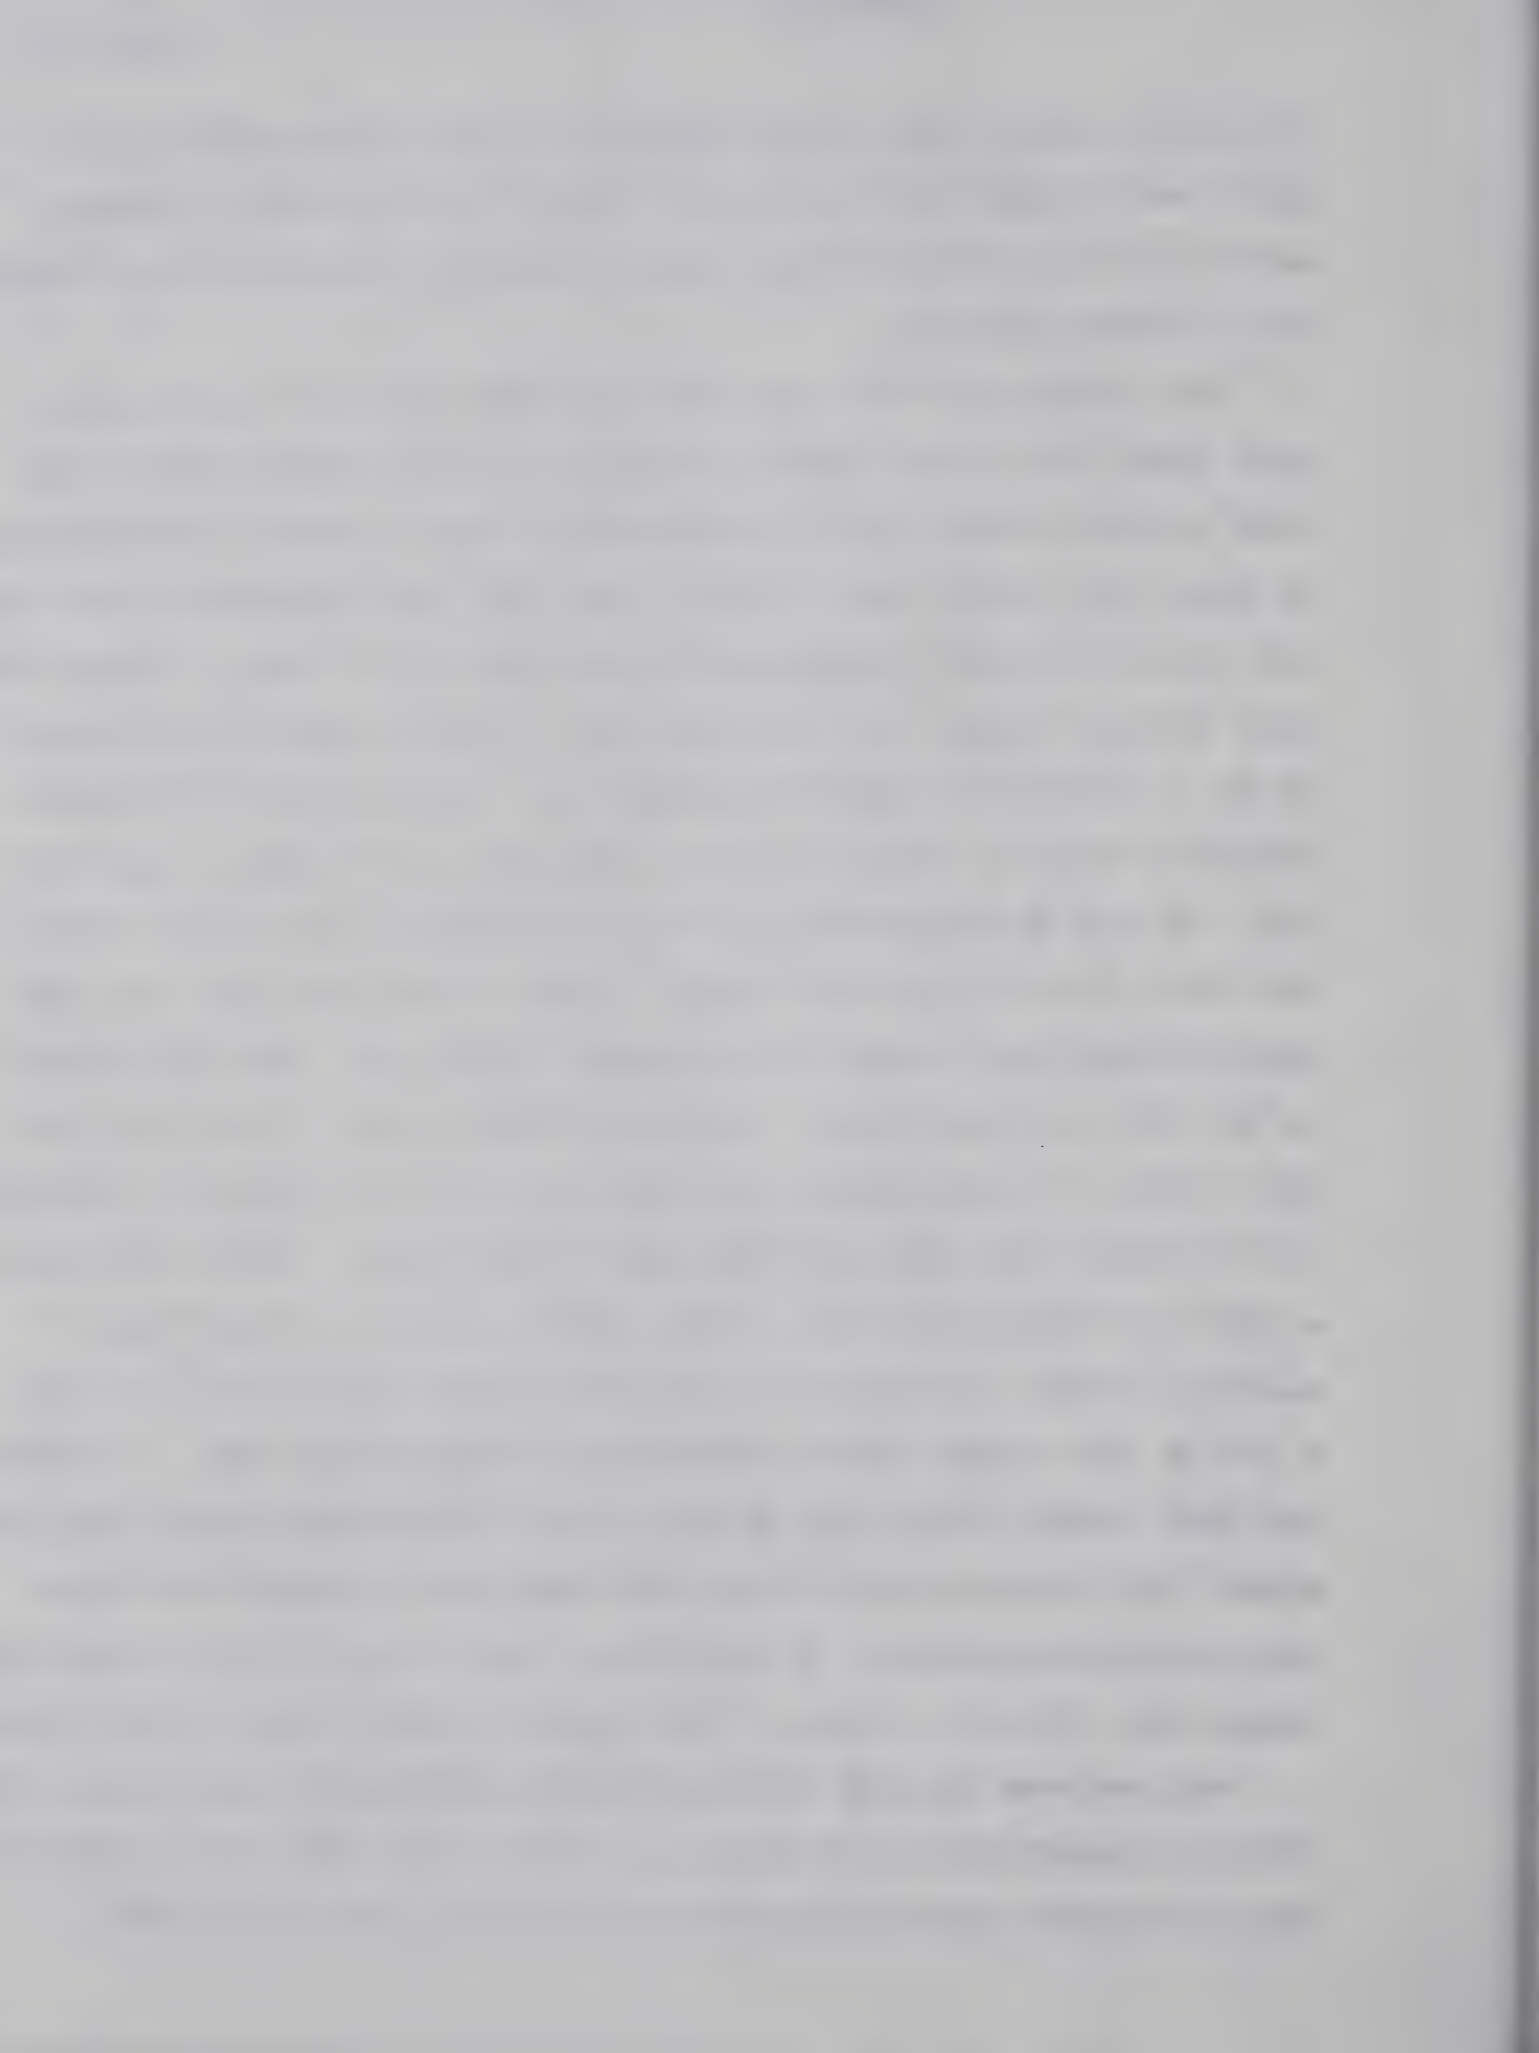

river to get some fish...he said to Charley you are working to(o) hard here. Well what will I do I haven't enney place to go. Well you can bring your close to my house enney time...so that put me to thinking. Mr.Adams had promist me I would get to go to the Bridgeton fair if we got so much wheat ground broke so it was fare time the last of Aug. and Adams gave in \$1.50 and I wan of and as Mr.Rea had some horses at the faire he was the first man I wanted to see...he said he would not hire me till I got my close away from Adams so I got my ~~KIXKE~~ cousin and a horse & buggy and drove down to Prairieton on Sat. and back on Sunday I went to Reas and he gave me \$12.00 per mo. (in the)fall of 1889 I worked 6 or 8 weeks and started to Bridgeton School and don part of the feeding for my board the next summer he gave me \$13.50 per mo. and the next year he gave me \$15.00 Dad had got married and lived in Bridgeton he wanted me to come and live with him and go to school so I started to school the first day and went 2 weeks and the teacher got sick for 2 weeks but I went up to Bob Mitchells and got a job digging potatoes and they wanted me to come and stay there for the winter and do the feeding for my board...Uncle Bob fed the hogs and Aunt Lida did the milking and I took care of 3 horses but I got to doing the milking for Aunt Lida Spring come Mr.Rea sent a note over by his granddaughter to school saying he had \$100.00 in the bank and if I would come and work 5 mos. I could have it. IX told Mr.Mitchell ((end of notebook))

August the 18-1874...Charles D. Hansel was borned 1½ miles west of Mansfield Parke Co.,Ind. on the upper Bridgeton road, the 5th child of Fredrick and Matild (Miller) Hansel, the house is still standing. (dated Dec.28,1948 when written) the place was owned by grandfather Miller..... ((story continued in still another notebook))

"....that fall I went to the World's Fair at Chicago 1893 and I got a safty bycle that summer and that fall I started to school.. we had some new students and one of the girls took my eye and still has it after 50 years.

The spring of '94 I was tired of farm work so I got to be a book agent for a book called OUR HOME..I came to Terre Haute and took 2 weeks traing and did verrey well when I worked everyday but of corse Sat. after noon I had to take off for Bridgeton to see if the water was still running over (the) dam and it was...Monday after noon before I could (go) back to work I rode my byke it was about 35 mi. I worked in sothern Fountain Co. In the fall '94 I was at Bridgeton when my Uncle made me a proposion so I want to work for him. He was to give me 75¢ per day and keep my one horse I trade the wheel for a 3 year old horse. After a while he said the days were gitting to(o) short so we did not work much. He had told me in the fall we would farm. he would furnish every thing and give me 1/3 in Feb. I asked Uncle how much corn we would put out. he said the 6 A field was all old Click and I could tend. Mall would have a calf and he did not want to buy another horse. so the next morning I said I was going to Mansfield for 2 days I want and got a job of Dan Miller and he wanted me to start right away. I returned and told Uncle I had a job at \$20.00 per mo and they would keep my horse. He replied just as expected keep you all winter and then leve when spring comes. I replied you don't expect me to work all summer for 1/3 of 6 A corn. (He returned thanks three times a day)

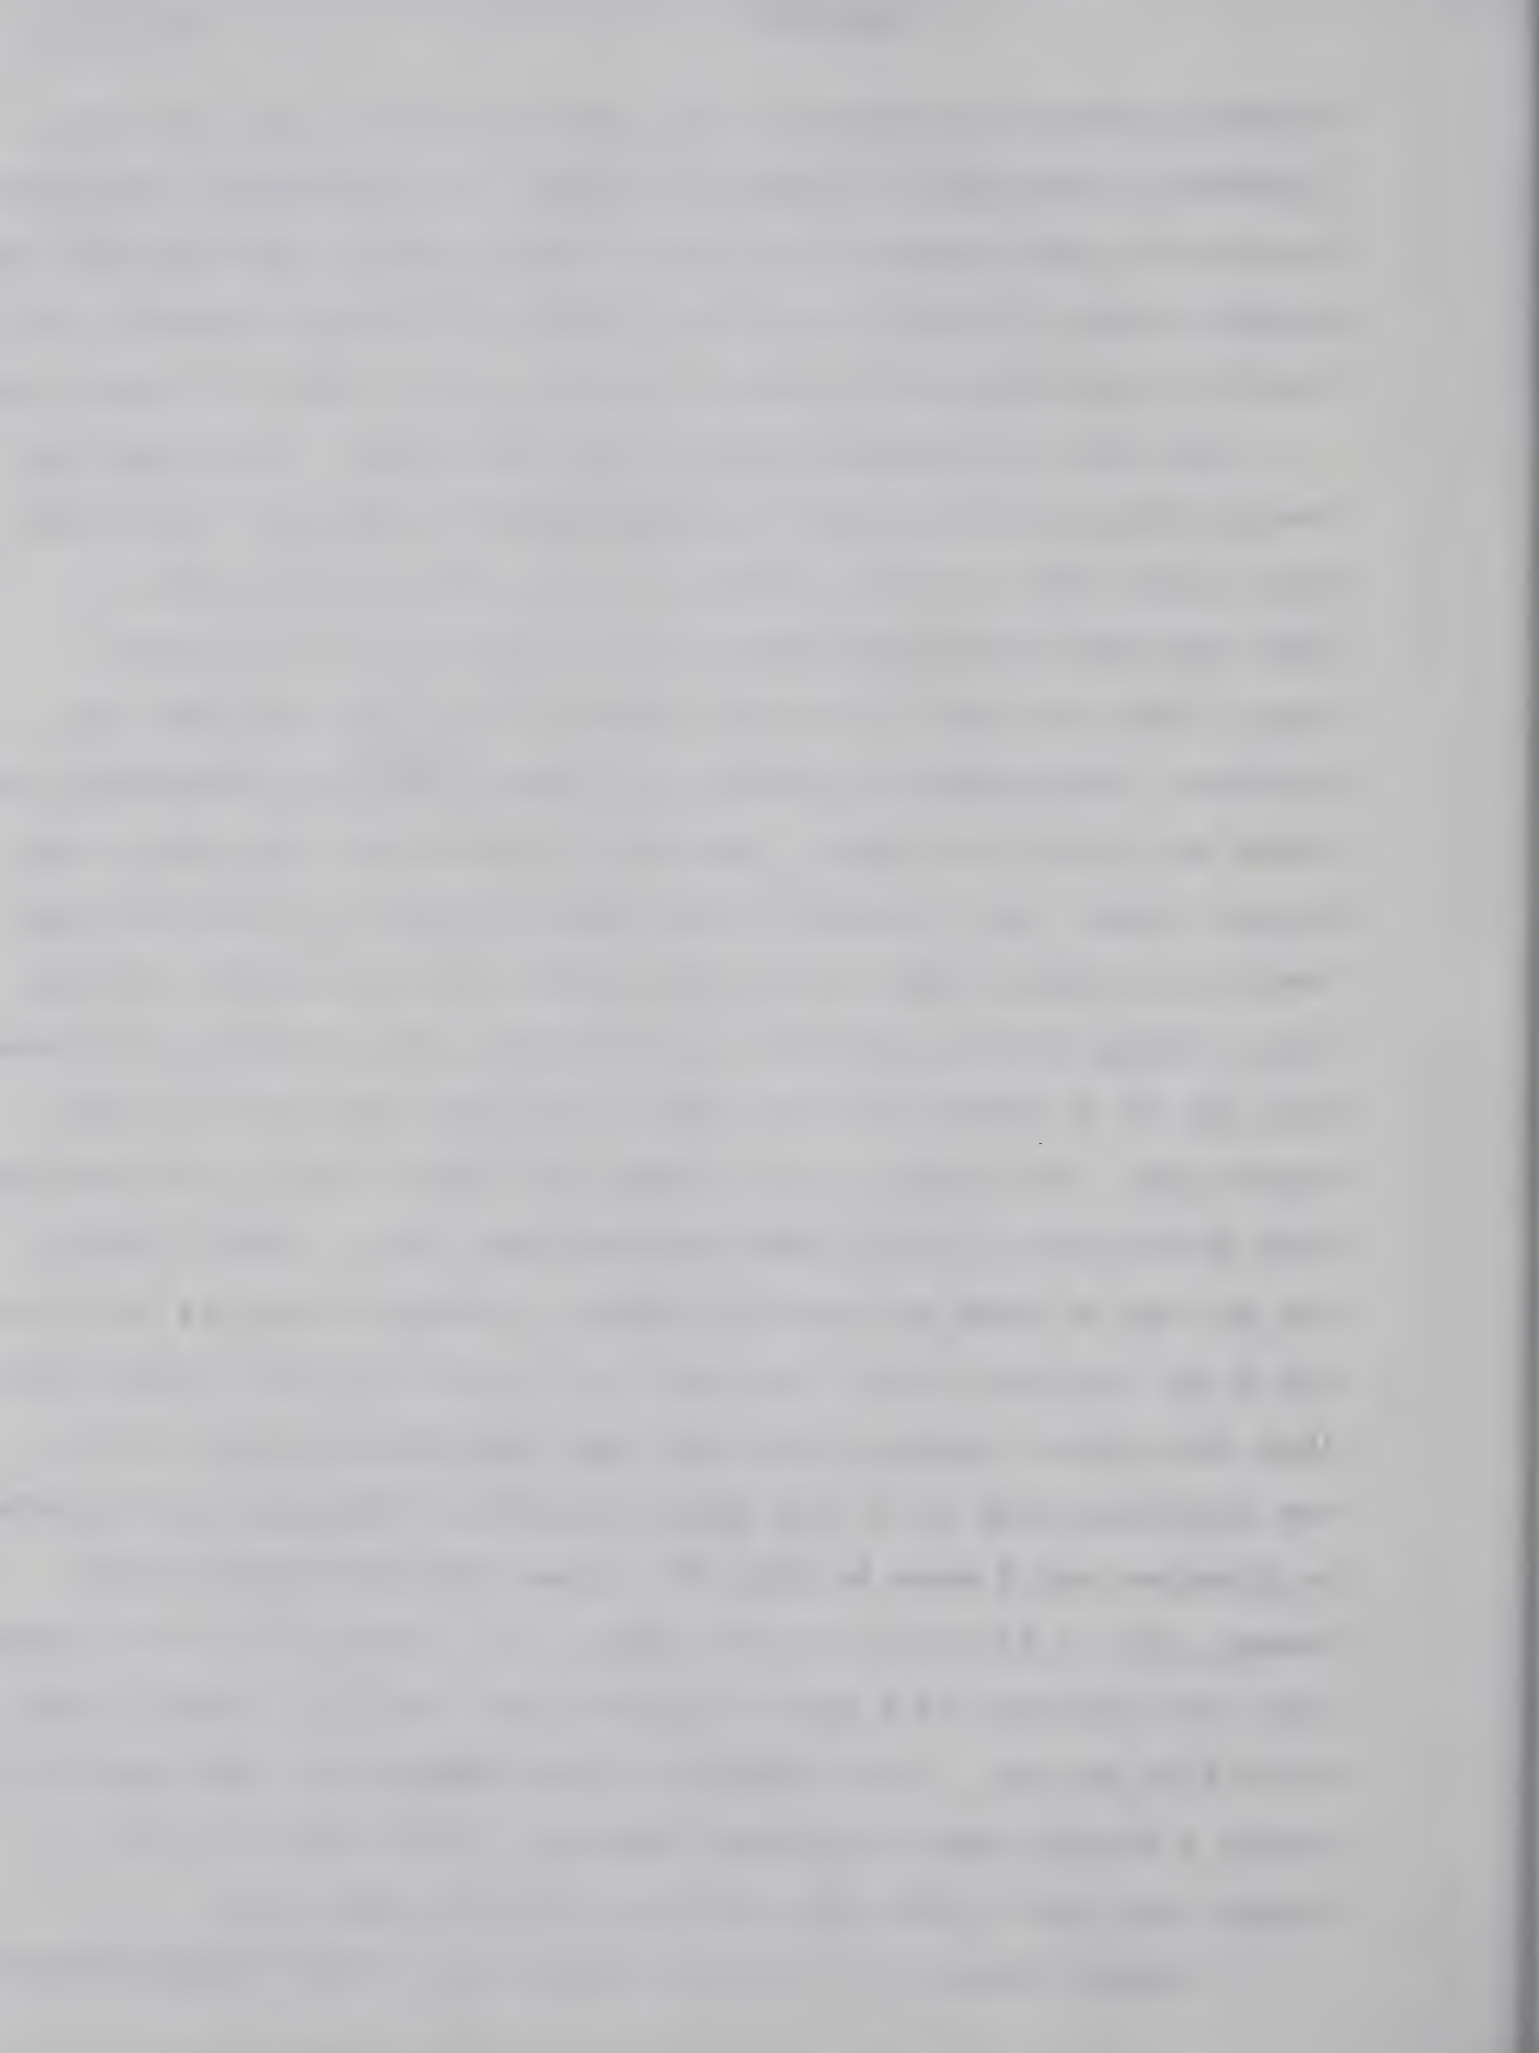

Well we want to work cutting logs to remodle the old house..they lived on grandfathers old place...I stayd there till late winter I went to Merrett Mitchells and was there till the fall of '96...

Mitchell rented the Bridgeton mill that fall and I went with him I worked in the mill and bored with them. Nov.13,1898 we got married Mrs.Hansel taught school that winter and we lived with her fokes in spring we got a 3 room house crost from the Bridgeton school I had bought 2 lots joining the peace we lived so we built a 4 room house.

That fall Mr.Mitchell died and the mill sold. Mr.Sprague and the new boss couldnt agree so Sprage went to Montezuma in 150 bbl mill I went overe in the spring and road a bike home on Sat. I came home for July 4 and before I got away we had a baby girl July 4 1898 in corse of time the owner of the mill came over to Montzuma...Mr.Nordyke of Nordike and Morman ^{firm} ~~XXXX~~ at Indianapolis and fired the miller and super. and put in a new super and gave me the miller's job. and we moved to Montezuma for over a year they sold the mill and they made a corn mill of it and said I didnt (k)now corn milling and we moved back to Bridgeton and I worked at the saw mill all so I started in the mones I dug cole for 5 mo 3 ft cole verrey wet. then went on top worked and finley I got in the boiler room firing from 3 to 11 that was every day work. after a year I had got out of deitt all so had 2 girls...I went to another coal co. got a day job for a year there got to be weigh boss and stayed with that for several years...They came and wanted me to come and run the Bridgeton mill so I went after a few mo. the boss and I agrede to disagree and I came to Vigo Co. to see the old mill on Otter Creek...it was idle but in good shape...so I rented it for one year with the privelege of 4 more the first year was \$30. per mo. there after \$40. per mo. I had \$350.00 and one horse and a carriage so I bought a spring wagon to deliver with as it was 6 mi. to T.H. I worked this was in 1911 Feb. and we had three girls now.

Water power is fine when you have water but so often when business is good water is scarce so I tried elclrisety but could not get but 20 H.P.Single fase was all the power so I put in oil engin and it was not satisfactory so I put in steam whitch was fine. In 1938 we had grown some in sted of Old Bob and the one horse wagon we had Studebake(r) truck whitch carried 5 times..one ton and a runabout ...6 men and Miss Marey Jones for book keeper...I was offered \$15000.00 for the mill a weak before it burned (Mr.Hulman made the offer) we lived in N. MEMOIRS OF CHARLES DAVID HANSEL, SR.

written March, 1948

Fred Hansel, my father, was born in Ohio in 1838. He had one brother, George, and a sister, Elizabeth, and a widowed mother. They came to Indiana and the mother married a Lankford. Children to this union were Maria, Harvey, Lucy and Sally. George, my uncle, was killed in the Civil War. He had two sons: Ike, Fred.

Fred Hansel, Sr., my father, married Matilda Miller. She was the daughter of Alfred Miller who lived one mile west of Mansfield on a place known as the Miller Farm. To this union was born Lora, Anna, Charles David, and Sissy.

On April 1, 1878, three covered wagons left Parke County, Indiana for Missouri with Fred Hansel and family consisting of four children, \$500, and three good horses. They wound their way across the dirt roads and settled near Blue Springs, Missouri. They made this trip because of sickness of the Mother. On August 18, 1882 the youngest child, Sissy, died. On September 9 of the same year the Mother passed away, leaving Father with three children, 15, 13 and 8 years of age. Father managed to keep us together until Lora married a widower with one child.

In 1886 we left Jackson County, Missouri and went to St. Clair, County to Uncle Ben and Aunt Liz Irwins. Sister Anna married Sam Young and they had two children. We left St. Clair County the next spring and went back to Jackson County. I worked on a cattle range during the next summer watering cattle and sister Lora had moved to Arkansas. Father and I left for Arkansas that Fall. We made the trip by train to Gainsville, Arkansas, arriving for Christmas dinner. We took a few days before we started to look for work

and enjoyed ourselves; father went hunting. I began to look for work but none was to be found. All there was to do was work in the timber as the railroad was buying no ties and they had plenty of wood for their engines.

Father said one evening that he was going fishing. It was in the dead of winter. So the next morning we got a gun, ax, and a shovel and went over on the Osage River where there was a mile of old river bed. We cut a hole in the ice, used a board to draw out the water and the fish. We got what we could carry home. The next day we took the team and with cross-cut saw and scoop shovels went back to the old river bed. We drew the water out with the scoops. Not being very deep the fish were stunned with the cold. Therefore, we got fish enough to make a half barrel when dressed. After thawing in the spring, Father went there again and said there were tons and tons of dead fish, and people drove hogs in to eat them.

On March 22, 1888 Father said to sister Lora, "We are going to hunt for work," and she asked him if he had any money. She gave us \$2.10 and I think Father had in mind where we would go when we left. We looked for work, found none but kept going until we got to the Mississippi River across from Cairo. There were no bridges so we crossed by ferry. The storekeeper told us to get on the boat, that he wouldn't put us off, but father refused. We went down to Charleston, Mo., got a job on a farm belonging to a doctor. We waited until 8 o'clock at night for him to come home to see about the job. He hired us for \$15 a month - both of us. He showed us where we would sleep. It was a little shack at the back of the yard. We went out there and he knocked on the door

and said, "John, open up," and when the door opened, there was a negro. He lighted the lamp and went in and said, "John, you take a comfort and get on the floor." We took his bed. We ate from a little table in one corner of the room, as they brought all of our meals to us and the negro ate on a box in the other corner.

We worked two weeks. The third Monday morning, which made us have three Sundays at his place, he said to Father, "You may hook up the cattle this morning." Father replied that he was too old a man to work cattle, so the doctor said, "Go up to my office and I will be up there to pay you."

We waited for him until about 11 o'clock. When he came, he sat down, wrote out a receipt, and asked Father to sign it. Father looked at it and said, "That isn't right." "Why isn't it right?" asked the doctor. Father told him that we had worked two weeks and that this would make \$7.50. To be deducted from this was 25 cents worth of washing and 25 cents worth of tobacco. The receipt was for only \$4. The doctor told Father that we were there three Sundays and that he was charging us a dollar a Sunday for our Board. Then Father signed the receipt and we started from Charleston toward the river. Father kept growling about it and kid-like I replied that I wouldn't have signed the receipt. He said, "What are you going to do, you are nothing but a tramp."

We got to Bird's Point, Missouri and crossed the river and found a cheap hotel for the night. Starting the next morning, we put in the day. The next day we got a job building fence for a man who ran the post office and grocery store at either Mt. Carmel or Mt. Vernon. We were there a few days at a dollar a day and

board. When we got the job completed, we started on and crossed the Wabash River.

The day before we got to Vincennes, Father said, "We will not get any dinner today, for I believe we will have enough money to buy our tickets from Vincennes to Terre Haute." Late that night, before we got a place to stay, they said we could stay if we wouldn't want any supper. Father said that he would pay our bill in advance, as we wanted to get up early to catch the train for Terre Haute. "If you don't stay for breakfast, I won't charge you anything."

At 5 o'clock we started for Vincennes arriving there just in time to catch a train. We got into Terre Haute about 1 o'clock with 50 cents with which we got a dinner. Then we started for Parke County, and got out of the city and caught a ride on a wagon for Coal Bluff, but on the road, Father found out that there was one of his Union soldier friends who lived close, so we stopped to see him for a couple of days.

We then started for Uncle Jake Cole's in Parke County, arriving there about 5 o'clock in the evening and surprised them very much, for they didn't know we were coming. That summer I lived wherever my hat was off and no place was I very much welcome. Father got me a place to work for my board and clothes and I stayed about two years and one summer I got \$13 and the next summer I received \$15.

Father had got married then and he wanted me to live with him and go to school. This I planned to do, but the teacher got

sick at the beginning of the school, so I went to the country, got a job digging potatoes, and went to school in the country. The next spring I got a letter from a former employer offering me \$20 per month, but I wrote that I would rather stay where I was. I made my boss a proposition that I would stay for \$18 and he said he could pay a good hand \$20 and he did. "I will pay him more than any hand I have ever had and I have hired hands for forty years," he said. I thought so much of this man that I wouldn't go about the saloons or card rooms for fear he would see me. Therefore, I grew up to be a better man because of this influence. I was there two summers getting to an age that the plow handles tickled my hands and I thought that I would try something else. I went out as a book agent selling "Our Home." This was something which I had not had for years. I was very successful when I worked, but I had to take in all of the things to be seen in those days; this caused me to lose a good bit of time.

That fall one of my uncles wanted me to come and work for him at 75 cents per day. We worked as long as the weather was good and then I got to losing too much time. Then I went to another uncle and I worked there that summer and that fall I changed to another farm. While I was working for this farmer, he rented the flour mill. I had always been anxious to learn this trade (I had already asked the blacksmith to teach me that trade, but he would not take me because he said that it was too hard work). I was in the mill two years and on November 13, 1898 I married and they

The purpose of this study was to explore the experiences of college students who had been involved in a campus sexual assault investigation. The study was conducted in a large, public university in the Midwest. The participants were 15 college students who had been involved in a campus sexual assault investigation within the past 12 months. The participants were recruited through a combination of purposive and snowball sampling. The data were collected through semi-structured interviews and were analyzed using thematic analysis. The results of the study indicated that the participants experienced a range of emotions, including anger, sadness, and shame. The participants also reported a variety of coping strategies, including seeking support from friends and family, and participating in campus activities. The study has several limitations, including a small sample size and a lack of control group. The findings of the study have implications for campus sexual assault prevention and response. The study suggests that campus sexual assault investigations can be a traumatic experience for students, and that campus sexual assault prevention and response programs should be designed to support students who are involved in these investigations. The study also suggests that campus sexual assault prevention and response programs should be designed to address the needs of students who are involved in these investigations. raised my wages to a dollar a day.

While I was working on the farm (1892-93) my boss sent me to see about sawing some logs which we had hauled over to the saw mill. As I wandered down the street I came in contact with a smallish-like man sncking a stone pipe - a stranger in town. He said, "When does school start?" I told him that it would start in about a week or ten days. He said that he hoped they would get moved so that he could start to school. This stranger was the saw mill man and I married his daughter.

That fall the mill changed hands and I was out for awhile, and then I got a job in a 150-barrel mill and was there two years. At the end of the first year a miller quit and they gave me his job at \$15 per week. Then the mill changed hands, they turned it into a corn mill and I was let out. By this time we had one little one, so I advertised for a job in the mill journal. Every place which was offered would have taken all of the money I had to get to the job. Therefore, I went to work in the coal mines as a coal digger. This cost me \$25 to get into the union and when the first shot was fired that evening, I would have never gone back if I had my \$25. I did keep on for a couple of years and then I got a job on top as weight boss. We had self-dumping cages and the job paid \$2.50 per day. I held this job for six or seven years and we had \$250 saved. By this time we had two other girls. I heard of an old mill which was idle and I went to see about renting it. I made the deal at a rental of \$30 per month for the first year and \$40 thereafter over a period of four years.

At this time the girls were all in school and my wife's sister had come to live with us, my brother-in-law was trustee, and my wife taught a term of school. I boarded that winter close to the mill and in the spring we moved. This was in 1911. I borrowed \$1,000 from a friend that I had worked with at the mines and the mill was going along nicely. At the end of the fourth year I bought the mill for \$4,000. We worked along until the first World War and, of course, business got good and I made good. Our fourth child, a son, was born in 1912. By the request of the government we ground a car load of flour. Things moved along and we were getting pretty well fixed. We had moved to the city (Terre Haute) so that we could educate the children.

In 1938 I had a chance to sell the mill and the man was so insistent on buying that I thought that I would make him a price in which he would not be interested. I priced it at \$20,000. He came back with an offer of \$15,000 on a Saturday. I told him that I would study it over. The next Friday morning I called him. He came over and wanted me to go out with him for an hour or so on a business matter. When we came back I asked him to wait a few days and let me study a little more, that I would not want to make a mistake. He made the remark that he would not want to see me make a mistake.

On Tuesday night the mill went up in smoke after standing 126 years. I had insurance but, of course, not nearly enough. We bought a flour mill and a small corn mill. The flour mill being 30 miles away from home, I made up my mind that it was too far to drive to work, so I sold both mills and quit.
